Requisition No./Project No.: RQPM1200020 TERM OF CONTRACT One YEAR WITH NA YEAR(S) OTR

Requisition /Project Title: Emergency Debris Removal-Prequalification

Description: To establish a temporary replacement contract with the same terms and conditions as to the current contract 6417-3/11-3 for Miami-Dade Public Works and Waste Management Department with the same contracted firms attached to temporary bid waiver document. This will allow department to continue contract continuity while the long term contract goes through approval process for award.

Justification/Input Document for "Bid Waiver"

Title: Emergency Debris Removal-Prequalification

ITB # AVCW1200043

It is the policy of Miami-Dade County, to consistently purchase goods and services using full and open competition. The citizens of Miami-Dade County are best served when we make sound business decisions based on competitive bids or proposals. Early acquisition planning that includes DPM can help to avoid delays and to facilitate effective market research. However, there may be instances when other than full and open competition may be justified. When a user department(s) determines that other than full and open competition is necessary or in the best interest of the County, appropriate justification for that course of action must be submitted to the CA Office for approval and execution in order to waive the competitive bid/proposal process.

Please provide the information requested below to support the need and feasibility for waiving the competitive bid/proposal process.

Purchase Requisition No. RQPM1200020 Contract #: _____ Date Required: _____ Est. Value: \$ 100,000.00
 Proposed Vendor: See attached list Previous Contract #: 6417-3/11-3 Estimated Cost: \$ 164,200,000.00 BCC Date: _____ Comm. #: 910-27

The purpose of this Temporary Bid Waiver is to continue contract 6417-3/11-3 services for purchase of loading, hauling, reduction and disposal of debris requiring vendors to be able to perform the services for a minimum of 1,400 cubic yard of debris on a daily basis and have a minimum of 10 crews. The contracted firms have been prequalified and placed on prequalification list of contract 6417-3/11-3 that may be accessed by County departments in order to obtain price quotations for loading, hauling and disposal disaster debris.

This temporary bid waiver will ensure continuity of services until a long-term successor contract is established. Administrative authority to extend the current contract has been exhausted and would require Board approval. There is no time to get to the Board before contract expires.

This temporary bid waiver will ensure continuity of services until a long-term successor contract is established. Administrative authority to extend the current contract has been exhausted and would require Board approval. There is no time to get to the Board before contract expires.

This temporary bid waiver will ensure continuity of services until a long-term successor contract is established. Administrative authority to extend the current contract has been exhausted and would require Board approval. There is no time to get to the Board before contract expires.

Internal Services Department has checked other with other Governmental Agencies to locate any existing contracts for this commodity. In conducting market survey, ISD used NIGP Purchissues to see if other governmental agencies had an existing contract for the commodity. We found an existing contract on the following governmental agencies websites: City of Fort Lauderdale, City of Tallahassee, Hillsborough County, City of Fort Pierce. These municipalities do not have all the same firms Miami-Dade County have currently under contract. None of these municipalities minimum requirements are not the same as Miami-Dade County.

The bid waiver will reference all the terms and conditions of the existing contract and will include all firms currently qualified under the contract.

1. This contract can only be activated if a disaster has been declared by the Miami Dade County Mayor. The County shall retain the option to activate whatever are it deems appropriate, consistent with the disaster, and to assign the work in accordance with the provisions of this contract.
2. All pre qualified contractors will be invited to participate in spot market quotes for removing/clearing emergency debris from the area(s) identified by the County, through the issuance of an **Invitation to Quote (ITQ)** by the user department.
3. A 10% percent bid preference shall apply to contracts \$1 million or less and 5% percent on contracts greater than \$1 million. A SBE/Micro Business Enterprise must be certified by the Department of Business Development (DBD) for the type of services the Enterprise provides in accordance with the applicable Commodity Code(s) for this solicitation. For certification information, contact the Department of Business Development at 305-375-3111 or access www.miamidade.gov/dbd. Both the Inspector General Ordinance and User Access Program applies to all ITQ's and releases issued under this contract, and shall be deducted from contractor's invoice. Payment terms of net shall be used for invoices received for services performed.
4. Simultaneously with his delivery of the executed ITQ to the County, the Contractor to whom the Contract has been awarded must deliver to the County executed Performance and Payment Bond in an amount that represents 5% of the contractors purchase order and any modifications to the purchase order, as security for the faithful performance of this Contract and for the payment of all persons performing labor or furnishing materials in connection therewith. The Performance and Payment Bonds shall have as the surety thereon only such surety company or companies as are acceptable to the County and are authorized to write bonds of such character and amount in accordance with the accordance with paragraph 2.13 of the ITB.
5. Once a Contractor is issued a release purchase order based upon the bid prices submitted pursuant to the ITQ, such prices shall remain in full force and effect throughout the time period specified in the ITQ or until the Work is completed, whichever occurs first. A purchase order will be issued for each ITQ for the purpose of allowing the Contractor to obtain a Performance and Payment Bond. Purchase orders will be issued in a proximate fashion, in order to expedite the Work. The County reserves the right to issue purchase orders to any Contractor(s) at any time.
6. Addendum No.: 4 Federal Highway Administration (FHWA) form 1273 provisions Attachment A shall accompany all Invitation to Quotes.
